

The Meher Schools Parking Plan

At a Glance

This parking plan was designed to make dropping off and picking up children flow more smoothly and our parking areas safer. Here's an overview:

TIER 1

- All the parking spaces in front of the wall, facing the school, are reserved for parents.
- The last eight spaces at the far end of the lot (beyond the end of the wall) are reserved for preschool teachers.
- Parents who in the past dropped children off or picked them up at the center steps *without parking* must now use the steps at the north end of the lot (across Leland from Sun Valley Pool) to do so. The center steps may no longer be used for this purpose. Parents who park and come on campus to sign their children in or out may use whichever steps are most convenient.
- The parking space to the right of the “new” steps is for parents who drop off or pick up their children without parking. Waiting and parking are not permitted in this space. Parallel parking is no longer allowed in this area.
- The three spaces to the left of these steps are for drop-off and pick-up only; parents may park here for up to five minutes while dropping off or picking up their children. These spaces may also be used by parents who are dropping off or picking up their children without parking.
- The parking spaces facing the street are reserved for preschool teachers. These are indicated by a stenciled “Reserved” sign in each space.

TIER 2

The Office parking lot is still reserved for administrative staff, emergency and delivery vehicles, the disabled, and parents who have permission from the Office (such as those with infants). If you have special parking needs, please contact the Office.

TIER 3

The upper lot is now reserved for elementary teachers. Student pick-up and drop-off are not permitted in this area. *Do not block the fire-access lane or park in front of the Dumpsters.*

All parents and staff are asked to honor these guidelines at all times. Please call or stop by the Office if you have questions.
